Reading

7 Read the text and choose the correct answers.

What have you done to help the environment?

Students at Derwent Secondary School have started some exciting activities to protect and improve their local environment. Read the school blog and find out what they have done.

We've cleaned up the pond in the center of our village. With the help of some friends, we've picked up all the litter and pulled things out of the pond. There was an old tire and a supermarket basket in it! Now, it's really clean and we are going to put fish in it. **Marie and Louise@schoolblog.com**

We've started a recycling program at our school. People throw away a lot of paper every day. We've put a recycle box in every classroom and collected a lot of used paper. After school, we've taken the paper to the recycling center near the school. **Jerry and Hayley@schoolblog.com**

My two brothers and I have tidied up a playground near our house. We picked up all the trash then we hung a sign on a fence that read, 'Please Keep Our Park Clean.' It was really hard work but I'm very pleased with what we have achieved. I think it's really important that young people take responsibility for looking after the environment. **Wendy@schoolblog.com**

- a They've cleaned a pond.
() Wendy and her brothers () Marie and Louise
- b They've recycled paper.
() Jerry and Hayley () Wendy and her brothers
- c They've put up a sign.
() Jerry and Hayley () Wendy and her brothers
- d They've pulled things out of the water.
() Wendy and her brothers () Marie and Louise
- e They've cleared trash from a playground.
() Jerry and Hayley () Wendy and her brothers

Score __/10

8 Read the text again and answer the questions.

a Who did Marie and Louise clean the pond with?

b What did Marie and Louise find at the bottom of the pond?

c What have Jerry and Hayley done with the used paper after they have collected it?

d What did Wendy and her brothers do to tidy the playground?

e How did Wendy feel afterwards?
